

Trafertir International Transport – Brexit Readiness Pack

As we enter into a new era, whether an agreement is reached or not, customs declarations will be required when trading with EU members and we are here for you. So act now to ensure continuity of your business.

In conjunction with our in-house Customs Clearance team, vehicles are fast-tracked through the UK ports directly to or from our ETSF (Customs Authorised Warehouse Facility) where our dedicated team will clear your goods and arrange next day delivery via our domestic transport network.

With many years of experience, backed up by an HMRC and Border Force approved infrastructure, we are here to hold your hand and support you and your business after the end of the transition period.

For Import and Export declarations, VAT and Duty management, liaising with government departments on your behalf - we are here to provide total piece of mind.

As an AEO Authorised Consignee and Consignor, Trafertir is approved to issue and discharge transit documents such as T-1 and T-2.

To keep your business moving and avoid paying import VAT on arrival, please consider VAT postponed accounting that will apply to all imports of goods, including from the EU from the 1st January 2021. This will provide an important boost to those VAT registered UK businesses which are integrated in international supply chains as they adapt to the UK's position as an independent trading nation.

For more information please email: customs@trafertir.com or contact us to arrange a video chat.

Nominate your Customs Agent now !
